

CMMC Focus

Protect The Mission

Coalfire Federal provides CMMC advisory and assessment services to agencies and contractors working with the federal government.

Our CMMC Expertise Is Proven

For over 20 years, we have provided public sector and private companies with the cybersecurity expertise necessary to enable their missions. Coalfire Federal was purpose-built to deliver exceptional, enterprise-class cybersecurity support services for frameworks such as NIST SP 800-171, Federal Risk and Authorization Management Program (FedRAMP), Federal Information Security Modernization Act (FISMA), and CMMC.

Our extraordinary team of cybersecurity professionals provide a wide range of risk management, compliance, and cloud security services for federal and commercial clients that want to enable innovation, accelerate their cloud strategy, and protect the mission.

<p>1000+ Employees across 10 locations</p>	<p>5+ Joint Surveillance Voluntary Assessments (JSVAs)</p>	<p>90+ Industry certifications and accreditations</p>	<p>1800+ Clients across a broad set of industry sectors</p>
