# Why Coalfire Federal?

Whether you're navigating the initial steps of securing a system for authorization or have years of experience with an existing authorized solution, Coalfire Federal is your trusted partner to support your journey. As a leading FedRAMP third party assessment organization (3PAO), we help Cloud Service Providers (CSPs) with an efficient approach toward obtaining or maintaining an Authorization to Operate (ATO).

Coalfire Federal specializes in FedRAMP® and FISMA ATO services when incorporated within a federal contract (e.g. federally purchased solution with the requirement for a 3PAO) or where specific personnel screening, background check, and clearance requirements apply for vendor personnel. Coalfire Federal is one of the few 3PAOs eligible to conduct Department of Defense (DoD) Impact Level 6 assessments.

## Authorized C3PAO:

Coalfire Federal is your go-to CMMC partner, offering not just assessments but also comprehensive advisory services. As a certified C3PAO and RPO, we bring extensive expertise to preparing you for an official CMMC assessment.

## Leading FedRAMP 3PAO:

Our proven experience as the leading FedRAMP 3PAO provider ensures a streamlined and efficient security review process for your organization.

## Unmatched Experience:

Benefit from our unmatched experience guiding organizations through the CMMC compliance process as well as having performed several Joint Surveillance Voluntary Assessments (JSVAs).
