

iFORTRISS
Cybersecurity Compliance ★ MSSP

CMMC CAPABILITY STATEMENT

iFORTRISS is a premier cybersecurity service provider focusing on Cybersecurity Maturity Model Certification (CMMC) and NIST 800-171 Governance Risk & Compliance (GRC) Pre-Assessment Preparation, integrated with our Managed Security Services (MSSP). We tailor our cybersecurity compliance and MSSP services for Federal Contractors that are required to meet CMMC/NIST regulations and DFARS clauses in their contracts. We are proud to employ veterans and highly experienced CMMC Certified Assessors (CCAs) and Professionals (CCPs) with Tier 3 secret security clearances.

Our solutions are designed to ensure that an organization's security infrastructure, from technology to personnel, operates at peak efficiency with ongoing security control review. We streamline operations through automation, continuous risk monitoring, and proactive defense mechanisms. We provide a systematic holistic strategy which incorporates advanced cybersecurity tools, experienced CMMC certified personnel, and detailed compliance documentation, all aimed at simplifying the compliance journey. Below are some of our offerings:

- Mock Assessment/Readiness Review
- CMMC Pre-Assessment Preparation – full Gap Analysis of 59 controls (L1) or 320 controls (L2)
- GRC Tool with a Reporting Dashboard
- Network Diagrams & FCI/CUI Flow Diagram
- Asset Inventory & Classification
- System Security Plan (SSP) Development
- Enclave Development
- Policy & Procedure Development
- Remediation of security deficiencies in a Plan of Action & Milestones (POA&M)
- Penetration Testing & Vulnerability Assessment
- Incident Response Planning & Testing with Table-top Exercise
- Defense-Grade Managed IT Security Services (MSSP)
